**On 1st of Mai our mare Nil Anablue (Munjiz x Kadjouna de Nerak) has born her first foal, a healthy chestnut filly called Nil Alamoan. Nil Alamoan is a 100% pure Nile horse as her parents Nil Anablue and Nil Bedouin are both Nile bred.**

Nil Alamoan is one of the first foals born out of a Munjiz daughter. The sire Munjiz is a Group I winner and his mother is the legendary mare Unchained Melody, born 1990 in the USA. Unchained Melody, later on renamed Alanood, is probably the Arabian race horse of the last century. Out of her 38 races she won 37 and was three times the winner of the Group I „Dubai Kahayla Classic“, one of the most prestigious Arabian horse race worldwide. Her son Munjiz is still a young sire. But in 2011 he was with his first 3-year old crop already number three in the French stallion statistic behind Amer and Dormane. In 2012 he is currently the leading sire in France.

Nil Alamoan's father, the 1999 born bay stallion Nil Bedouin (Barour de Cardonne x Nil Tahani) is a proven race horse with 4 wins and black type placed on Group II and Group III level. His first offspring, the 2008 born Nil Ashal (Nil Bedouin x Nil Abiat) was a winner at the age of three at his first start in Germany.

Probably the chestnut color of Nil Alamoan traces back to her grandfather Munjiz and his mother Unchained Melody. The leggy filly shows a good shoulder and croup with a well balanced neck which are known qualities of her mother line. Her movements and energy seems to originate by her father Nil Bedouin.
