It was the fourth race for the 3-year old thoroughbred gelding River when he lost his maiden status. River was not precocious and needs races over long distances, commented trainer Franziska Aeschbacher his win after the race. The gelding was ridden by the young French jockey Stéphane Laurent who often rides over the fences. He was riding River on fifth position attacking 250 meters before the finishing line at the outside and came home safely with speed.

We bought River as a yearling at the Deauville auction in 2010. He originates from the same family as the young French sire Stormy River. His grandmother River Sans Retour is also the mother of River. River itself is the 16th foal out of River Sans Retour and her 8th winner.

Since 2011 River belongs to Stall Golden Arabians with his owners Therese Reusser and Urs Aeschbacher.
