

**Kahrma goes for the second time over 90 kilometers in Italy, 25th November 2012**

***On her second start over 90 kilometers, the 7-year old mare Kahrma (Dormane x Kahloucha) finished 10<sup>th</sup> at a speed of 16 km/h in the Italian province of l'Aquila. After the race her rider and owner Vincenzo Ambruzzese was very happy saying that the mare was in very good condition and would have gone easily another lap.***

As a 3- and 4-year old Kahrma was in race training with Franziska Aeschbacher. Out of 9 international starts the mare was placed 7 times. Now at the age of 7, Kahrma is on her way to become a promising endurance horse. Kahrma is the first foal out of the Tunisian mare Kahloucha (Zeidoun x Zannouche), a group III winning and placed mare in Tunisia with a total of 5 wins on the race track. Kahrma's father Dormane (Mangante x Mandore) is an exceptional sire for race horses as well as for endurance horses in France. Second foal out of Kahloucha is the 2007 born Nil Karazi, a full brother to Kahrma and also a proven race horse in his third racing season. Kahloucha's third and fourth foals are the two fillies Nil Kebira (2009) and Nil Kamla (2011) both by the Amer son Dahess. In 2012 we sold Kahloucha to Abu Dhabi and we hope that the mare will continue her successful breeding career for her new owner.
