

NIL ADMIRAL – a good looking colt by GENERAL, 18th of May 2014

Born at May 10th, Nil Admiral (General x Nil Anablue by Munjiz) represents one of the first General – Munjiz crosses, combining the blood of the leading sire Amer and the famous Unchained Melody.

Nil Admiral's mother, the French bred mare Nil Anablue, 2008 (Munjiz x Kadjouna de Nerak by Djourman) belongs to our A-Line tracing back to the same dam line as race horses like Tabarak (Nizam x Altesse d'Aroco) or Aziz ASF (Amer x Aziza d'Aroco).

Using the stallion General on our A-Line will enrich the pedigrees by the outcross blood of Amer and by the valuable Russian genes of General's grandmother Pesennaia, 1986 (Naftalin x Pesnia) tracing back to the famous dam line of Ptashka and Taktika.
